

Shoring up status as leading shipping hub

The Phases 3 and 4 expansion of Pasir Panjang Terminal (PPT) will add 15 million TEUs (20-foot equivalent units) to Singapore's handling capacity, boosting it by 40 per cent to 50 million TEUs each year.

PPT 5 (currently operational)

Future terminals will open here by the end of 2017

FEATURES OF PHASES 3 AND 4

- Cost: \$3.5 billion
- Container yard with automated rail-mounted gantry cranes
- Quay length: Almost 6km
- Berths: 15
- Draft: Up to 18m
- Handling capacity of 15 million container units per annum
