NOTE: The 4G speed test was conducted in seven popular malls: nex, The Paragon, ION Orchard, Clementi Mall, Westgate, Raffles City and Plaza Singapura. Download and upload speeds over the three telcos' networks were captured using the Ookla Speedtest app on the Samsung Note Edge. The speed tests were standardised on NewMedia servers. The time taken to download a 150MB file from Dropbox and a 140MB app from Google Play store was also recorded. The tests were only done during lunchtime where crowds normally gather. They were conducted on the ground floor and the basement one level of the malls.
