Key man:

ALEXIS SANCHEZ

The Chile forward settled into life in the Premier League instantly last season, scoring 16 goals and providing eight assists. He was the club's top scorer in the league and all competitions (25) as Arsenal retained the FA Cup. His pace, all-round striking abilities and tireless work rate make him a nightmare to defend against. But managing his minutes will be vital for Wenger, following his Copa America heroics on the back of a taxing first season in the Premier League.
