

What type of retirement planner are you?

What you can do

CONFUSED CRUISER

Are you....?
A helpless optimist? Do numbers and terms scare you? Or are you afraid of making the wrong choices?

Save regularly - to your CPF SA or a retirement savings account to start building your nest egg.

Get informed - seek help from a trusted adviser to help you set achievable financial goals.

LATE BLOOMER

Are you....?
Working hard every day to provide for your family? You might have forgotten to take care of your own needs.

Start now - it's never too late to take the first step.

Save smart - avoid high-risk options and opt for plans that are low-risk but give fairly good returns, for example, voluntary contributions to CPF.

Explore additional income sources - remain employable to earn extra cash while keeping active.

WANDERLUSTER

Are you....?
Someone who's adventurous and happy-go-lucky?

Get the basics covered - look into a good savings plan and a comprehensive insurance policy

Reduce the "wants" and fulfil the "needs" first.
