

What happened

Valley Point Shopping Centre

1 Madam Yep Lay Choo's Mercedes exits the basement carpark of Valley Point Shopping Centre. She seems to lose control and the car goes straight instead of turning left or right on the two-lane road.

2 The car mounts the kerb and runs through some bushes. It misses a tree and traffic mirror on the left.

3 The car goes straight ahead onto the pavement and crashes through the barrier along Alexandra Canal, which is about 40m away.

• Three tow trucks recover the car.
