MALAYSIAN PARLIAMENT

Rules cannot be eased yet for China visits

KUALA LUMPUR, Wed.

THE Government is unable as yet to relax the conditions imposed on Malaysians wishing to visit China, Deputy Prime Minister, Tun (Dr.) Ismail told the Dewan Rakyat today.

This is because we have no diplomatic relations with that country," he said.

Tun Ismail said this in his capacity as Minister of Home Affairs when replying to an oral question by MR. YEO TECK CHYE (Pekemas-Bukit Bintang) who wanted to know if the Government would consider relaxing the conditions for such visits.

At present, Tun Ismail said, the Government would consider applications to visit China for medical reasons, to visit close relatives or for trade through Government approved agencies.

However, all applications would have to satisfy the conditions imposed.

Consideration would be made according to the merits of each case.

"It is for this reason and also because we still have no diplomatic relations with China that we are unable to relax those conditions," he said.

DR. TAN CHEE KHON (Pekemas-Batu) then asked Tun Ismail if he knew if any Malaysians visiting China as tourists.

Tun Ismail replied this would be considered as soon as Malaysia had established diplomatic relations with Peking.

To an earlier question by Mr. Her Cheek Foon (DAP-Damanara), Tun Ismail said only two films from China were brought in for screening between May 1, 1972 and Oct. 30, 1972.

Both films were censored and approved.

Other replies to questions:

• TUN ABDUL RAZAK said the change in office hours during the fasting month introduced from this year, was made in the interest of the nation.

17 resignations

"But the Thai Government has been good enough to talk to us on this matter under consideration," he said.

• DEPUTY DEFENCE MINISTER Tunku Ahmad Rithauddeen, denied that 17 top-ranking Army officers had resigned because of the new armed force salary scheme.

The new scheme was introduced on Aug. 1, 1972. Since that date five officers — one major, three captains and one lieutenant — had been permitted to terminate their service.

"This termination is in no way connected with the new salary scheme. Last year, however, only one high-ranking officer, a brigadier-general, was permitted to retire prematurely," he said.

This was before the Government approved the new salary scheme, he said.

It was, therefore, not true that 17 top-ranking officers had tendered their resignation, he said.

SAH MUSTAFA RUS-SAIN (Ind-Seberang Tengah).

TRAINING IN S'PORE AS FIRST CHOICE

TUN Abdul Razak said Malaysia would always take advantage of suitable training facilities for police and military personnel available in Singapore and neighbouring countries.

If not, they would be sent to other countries

where the training is considered suitable to Malaysia's needs.

He was replying to Mr. V. David (Pekemas-Darak Kramat) who asked whether he would consider the exchange of police and military personnel for training with Singapore.

Mass hysteria closes part of factory

OUTBREAK of mass hysteria among 25 female employees yesterday caused the General Electric (USA) Television and Appliance (Pte.) Ltd. to shut down part of the factory in the afternoon.

It was the third time since last Saturday that this happened to the employees of the flatted factory in Boon Keng Road, Kallang Basin.

Several employees interviewed yesterday said: "There was general hysteria among women employees on the U-Board assembly line."

One of the women said: "It was frightening. The women went into a trance and started screaming."

Said another: "We did not take it seriously when about eight women became hysterical last Saturday."

For safety

"But it certainly gave cause for concern when another 12 became hysterical on Tuesday and about 25 today."

Late yesterday, the firm's personnel manager, Mr. Lee Siong Kee, said: "The factory had a few instances of hysteria among its female employees."

"In the interest of the employees' safety, it was decided to shut down part of the factory for the remainder of the shift."

Asked at what time the factory shut down and when it would resume business, he said: "No more comments."

Nominations to CCC

NOMINATIONS to the new 51-member management committee of the Chinese Chamber of Commerce will be accepted until Monday.

The chamber's election committee has fixed a week for the nominations. The results of the election will be announced on Feb. 11 at 10.30 a.m.
