OneFM DJs (clockwise from top) Shawn Tupaz, Elliot Danker and Andre Hoeden will be running in the 10km category.

Participants in the 18.45km race being entertained by Shukur and Friends, who belted out 1960s hits from bands like The Beatles, at the 1960s-themed stage at Zone 1 during The Straits Times Run at the Hub last year. The route took participants past iconic landmarks such as Marina Bay Sands and the Merlion.

Grab a coffee and a bite made from home-made recipes at Coffee Bandits, which will have a booth at the post-race carnival.

Thanks to a tie-up with Singapore Grand Prix, ST Run participants will take off on the same starting grid as the Formula One cars. They will also be greeted by the chequered flag at the finish line. Die-hard fans can enter a contest simulating an F1 pit crew tyre change at the post-race carnival.

Local football fans can catch the likes of Geylang International's Gabriel Quak at the post-game carnival.
