

Survey results: Concerns on critical illness

Insufficient cover

Do you know?

MediShield Life and Integrated Shield Plans are great for covering some hospitalisation and treatment costs.

But we often forget to consider **loss of income** when a critical illness strikes.

As a result:

Worry about the financial impact on their families if they were diagnosed with a critical illness.

Critical illness coverage amount insufficient to cover lost income

Average critical illness coverage amount: Below **\$150,000** but covers only.

1.5 years of lost income **vs** **3.5 years** required for treatment

Not having protection should another critical illness strike

Among those diagnosed with a critical illness:
