SLOWING ECONOMY

Spotlight on companies

As Singapore inches towards slower growth on the back of rougher economic conditions, the tough times seem to be here to stay for a while. The Straits Times takes a closer look at how the slowdown is affecting companies. This is the last of a three-part series.

Bank loans to businesses 380 S\$ billion — 2015 — 2016 Dec 2015 370 \$357 billion 360
