New rules for cyclists and PMD users

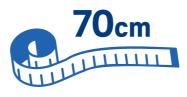

Spaces where devices may be used

Only devices* that follow these standards can be used on public paths

Maximum weight Reduces the risk of serious injuries in cases of collision.

Maximum width Allows devices to cross each other safely.

NOTE: *Power-assisted bicycles must be type-approved and affixed with LTA's seal of approval.

When riding on paths (Rules)

Dismount and walk your device when you see No Riding signs.

cmh

Maximum motorised-device speed

Ensures users do not exceed

the speed limit.

Offer help and exchange particulars in an accident.

When riding on paths (Code of conduct)

Slow down when approaching bus stops.

Walk your device in crowded areas.

Always give way to pedestrians.

Keep left on paths.

When riding on roads (Rules)

Use hand signals to signal intent before turning, stopping or switching lanes on the road.

Cycle in a single file on single-lane roads and during bus lane operational hours. Otherwise, cycling two abreast is allowed.
