What's the biggest lesson you've learnt as an entrepreneur?

What was the best advice you got, or what do you wish someone had told you when first started out as an entrepreneur?

Where can I find statistics on SMEs in Singapore?

I am looking for statistics on SMEs with breakdowns by size (using manpower, revenue), followed by sector within each size category, and if possible with a listing of companies. Is such a service available or is there an avenue through which this data can be retrieved? Thank you.
