

# Seeking a place of refuge

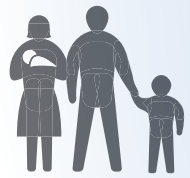

Asylum seekers take many different routes across continents and seas. The map shows two routes taken by a Rohingya and an Afghan as described to The Straits Times. Most wish to be resettled in a third country.

## Refugee movement

→ Afghan → Rohingya

## Mode of travel

✈ By plane ⚓ By boat 🚌 On road

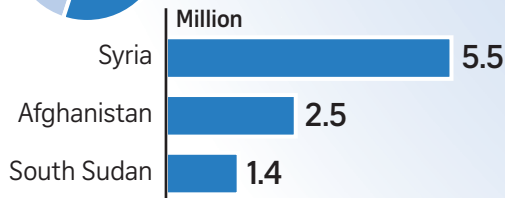

Total number of refugees worldwide

17.2 million

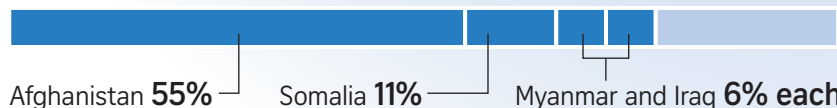

55% of refugees worldwide are from these three countries

28,300 a day

Number of people forced to flee their homes because of conflict and persecution

Most of the refugees in Indonesia are from:

More than 13,800 being hosted in Indonesia
