

Montenegro's Bar-Boljare Highway

- Construction began in May 2015. First section due to open by the end of next year.
- Cost of the project is approaching €1 billion (\$1.6 billion), nearly a quarter of Montenegro's GDP.
- Once completed, the highway could be part of a pan-European Corridor XI, a ferry/motorway corridor linking Italy's Bari to Romania's Bucharest via Montenegro's Bar Port and Serbia's Belgrade.
