Fee benchmarks for private sector

Fee benchmarks for 222 common surgical procedures in the private sector have been published online this month by the Ministry of Health. The information will help patients make more informed decisions when choosing their doctor, while private sector healthcare providers are recommended to follow the guidelines.

Replacement, open/MIS/navigatedVein, Varicose Veins, Imaging Guided Endovenous Laser Treatment, 1 leg\$4,350 - \$6,50Lens, Cataract, Extraction with Intra-ocular Lens Implant (Unilateral Left/Right)\$2,550 - \$3,95Uterus, Pregnancy, Vaginal Delivery (with or without episiotomy repair)\$2,050 - \$3,40Colon, Colonoscopy (screening), fibre-optic with/without biopsy\$1,100 - \$1,600 4 questions patients should ask doctors I What is the treatment or procedure for?• How much would this treatment or procedure needed?• Why is this treatment or procedure needed?• Ara these alternatives?
