

Game for Thrones

Winter is here. Here is something by **John Lui** to make watching the final season of Game Of Thrones even more fun.

How to play: Cut out the bingo cards. Each person picks one. Cross out a square if the scenario in it comes to pass and see if you make bingo – getting five squares in a row, column or diagonally. Everyone gets to cross out the centre square because, well, winter is here. Go to str.sg/gotspecial for more versions of the cards or play the game online at str.sg/gotbingo.
