

The NEA announced that the Garden of Peace, developed for inland ash scattering, will be located next to the columbarium in Choa Chu Kang. While religious rites are not permitted within the garden itself, they can be held at the ash collection centres in the nearby crematoria.

LOCATION

The Garden of Peace will feature user-friendly design elements to facilitate ash scattering.

FEATURES

Resting area

Seats will be provided along walkways.

Platform

A spacious area to allow families to gather, view and take part in the ash-scattering ceremony.

Ash-scattering bed

To allow the ashes to percolate into the soil.
