

Reinventing spaces into vibrant places

The Singapore Land Authority and the Urban Redevelopment Authority are calling for proposals to transform six state-owned buildings and land plots with new uses and activities. The first site to be launched for tender is at 45 Sultan Gate. The remaining five sites – the old Bukit Timah fire station, 30 Maxwell Road, 15-31 Hindoo Road, the old Kallang Airport and Marina Bay land parcels – will be progressively rolled out for tender.
