

# My Other Half: Compound bow

**PEEP SIGHT**  
Aligns with  
main sight

**D-LOOP**  
A cord tied to the  
bowstring to which  
the mechanical  
release is attached

**BOW:**  
**\$2,000**  
(Bowtech Reign 6)

**ARROWS:**  
**\$385** per  
dozen

**QUIVER:**  
**\$120-140**

## MECHANICAL RELEASE

A metal hook is attached onto the D-loop. When ready to shoot an arrow, you pull a trigger on the mechanical release that opens the hook and releases the bowstring

## LIMBS

They store the energy that is generated when the bowstring is pulled back

**MAIN SIGHT**  
Has a magnifier

**ARM GUARD**  
Protects arm  
from string

**GRIP**

**ARROWS**  
12 in a  
quiver, all  
carbon

**STABILISER**  
Absorbs vibration and  
provides balance

**BOWSTRING**

**CAM**

The part through which the bowstring and cables run that increases the efficiency of energy imparted to the arrow during a shot
