

# Hands-free access to SPH's latest content

## How to set up your device

Get the latest news updates on your Google Nest Hub. Download the Google Home app and follow these steps:

Click on the bottom-right icon to go to your Profile.

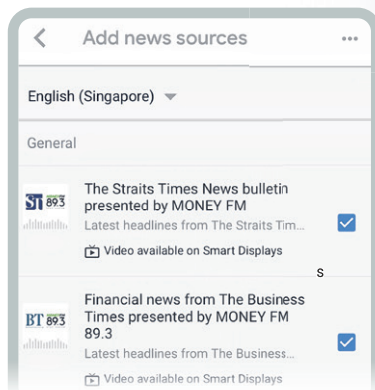

Android users: Click on "Settings" under General Settings.

iOS users: Click on "More settings" under Google Assistant.

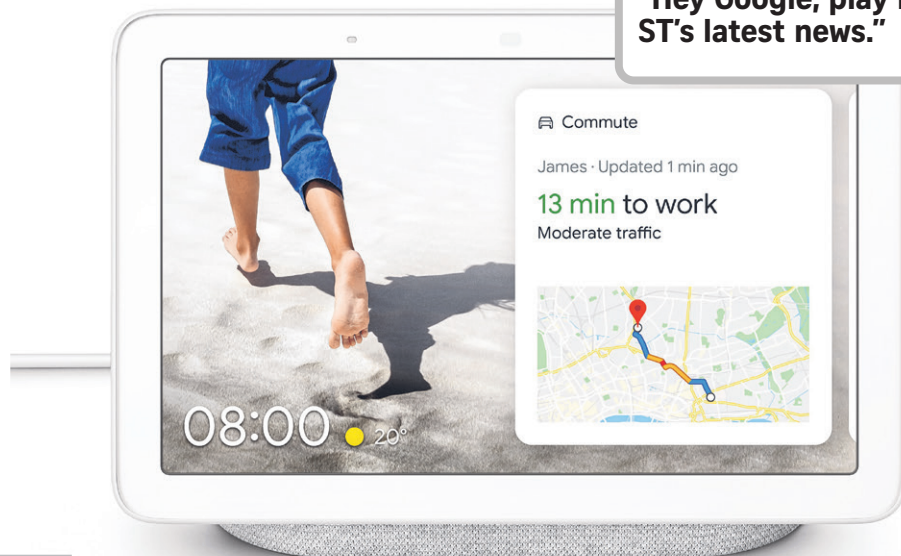

Go to "Services" tab, click on "News", "Add news sources", and change language to "English (Singapore)". Choose the ST and BT content displayed on the right.

Give voice commands to listen to and watch the latest news. For example: "Hey Google, play me The Straits Times news."

"Hey Google, play me ST's latest news."

Receive seven different types of content from SPH on your Google Nest Hub. Find out more at [stsub.com.sg/learn](https://stsub.com.sg/learn) or scan the QR code.
