Products hit by falling demand

The fall in non-oil domestic exports for June was seen across both electronic and non-electronic products. These were the main contributors.

Non-monetary gold

 Such gold can be in the form of coins, bars and ingots. It is the top import of Switzerland, Turkey, the United Arab Emirates and Thailand, according to The Observatory of Economic Complexity. It excludes gold held as reserve assets by the authorities, which is referred to as monetary gold.
