

LifeSG to replace Moments of Life app

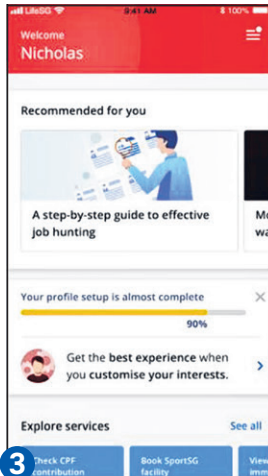

The new app will provide users with access to more than 40 services that will be personalised for citizens, and with an improved user experience.

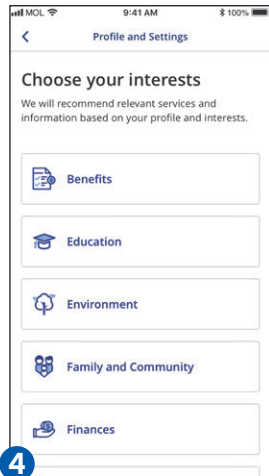

1 Download the LifeSG app on the App Store or Google Play Store. Existing users will be prompted to update their Moments of Life app.

2 First-time users will be prompted to log in using SingPass.

3 All set! Users will see their new LifeSG dashboard.

4 Users can choose which topics interest them, so that the app can recommend services tailored to their preferences.
